Hi Forrest;

The NM paper is virtually complete and I wanted to be sure that you want to submit to JAWRA. I would then do some minor reformatting. Do you need to have it reviewed? Phil sent around the last version for his review requirements. Should we wait to get comments from that before submitting?

I have to admit that I forgot to reserve \$ for page charges, which are \$75-100/page for JAWRA (depending on JAWRA membership). It could probably cover that, but if you have other ideas, let me know. The charges won't be assessed until the final version is accepted.
